Shell Stitch Beanie

I said I would post a free patttern, so here it is. This is a pattern for the shell stitch beanie in my previo post. I LOVE this beanie because it stitches up quickly and adds a great texture to the average beanie. T pattern here is for a 0-3 months size and a child size (3-10 years), but I hope to add in the other sizes when I find a moment. Please let me know if something doesn't work up right. As always, I would love see pics of final creations! If you whip one of these out, please email me a picture!

****Many people have asked for assistance and help, and there IS a video tutorial available! Click here!****
